“ To Lynn and family, Mr. Karkos Mrs. Karkos and of course Brett and family, I'm so sorry to hear of your loss. I met Brice the very 1st day of tech college. It was an instant friendship and bond and a friend I could call lifelong. If Brice or I needed something we were always there for each other no matter what. I'm great full to have known Brice and he will always be a great friend, another angel looking out for us all in his kind and generous way. My mom used to say we were both baby faces and everyone loved us. Over the years that spirit within grew. Seeing his most recent picture I can tell he still has the same charming personality, ready for a competitive challenge or to just help someone out. True family man! I won't say goodbye to my friend and I could say even, brother. Until we met again, please help guide the rest of us safely to that day knowing your one of the great angels that now protects us and loves us all! I'm so sorry for your families loss, and I know it's a big one. Love and Prayers to you all!

“ To the Karkos Family, Please accept our deep condolences in the loss of Brice. We will forever remember him as that adorable little blonde headed boy with that beautiful smile that could light up a room. “ Brice was a special childhood friend and I will always remember so many of our adventures. He was very a kind and generous person. And he could ride a dirt bike better than anyone in the neighborhood. My condolences go out to his family.

“ To the Karkos family, I am so sorry for the loss of your loved one. I remember fondly the days at SHS where Brice was such a personality. More recently I had Alyssa as a third grade student at ERS...and that seems like years ago. May you find comfort in the love that Brice had for all of you.
