“ Peal. I will always miss and love. You so very much. You was just like a sister to me. we always would go shopping together. and have a great time together no matter what. we would always talk on the phone and keep in touch no matter what. and we always would get in trouble doing it. But I will never forget it for the rest of my life. mean and you had a good talk before you passed away. and spent the night together talking with each other and I will never stop thinking of you and loving you forever. Until we meet again in Heaven. Love you valda and family.
